

Inside John's Church

- You have been asked to write a children's guide to St John's Church.
- Draw a plan of the church and label the important parts of the church on it.
- Put some I-spy questions on your guide which children have to look for inside the church.

Plaques

- There are many plaques on the walls. Choose one, make a careful drawing of it and write down the words of the inscription.

Windows

- Most of the windows are made from coloured glass. We call these stain glass windows. Choose one of the windows and make a sketch of it. Is there any special writing on the glass? What does it tell you.
